MINUTES

Strategic Plan Update

Calie Holden provided the group with an update on the development of the college’s next strategic plan, “Dream. Plan. Build.” More information can be found on the [Strategic Plan website](#). The [website](#) can also be used to share feedback.

LVL Data

Maggie Shelton shared data that has been collected regarding the retention and success rates among Live Virtual Learning courses. Information was also gathered to see why students chose to attend the Zoom classrooms, rather than taking the class from another location. The overwhelming reason students chose was that they experienced less distractions by attending in the classroom.

Strategic Initiative #1: *Improve experiences at every point in the institution to increase opportunities for students to attain their educational goals.*

Action Item: Faculty Evaluation Forms

Dr. Gavin O'Connor presented slight changes to the faculty evaluation forms. The proposed changes can be found on the [Academic Council](#) website.

Action: The policy was voted on and passed unanimously.

Round Table Updates

Dr. Gavin O'Connor opened the meeting to provide members with an opportunity to share updates from their respective areas of the college.
