

Classroom Multimedia Control

- 1. ON/OFF**
Turns on and off the projector and DVD/VCR combo.
- 2. VOLUME**
Raises and lowers the volume of the input source.
- 3. PIC MUTE**
Blacks out the screen and mutes the audio of the selected source (flashes red when active).
- 4. AUTO IMAGE**
Calibrates the image of the projector to match the computer.
- 5. (CC) Closed Captioning**
Turns on and off closed captioning for supported content (flashes green when active).
- 6. INPUT SOURCES**
Switches between connected sources.
- 7. DVD/VCR CONTROLS**
Controls the playback functions of either the DVD or VCR.

If you have questions or problems concerning the classroom's multimedia control, please contact the OTC Helpdesk:
