COMMUNITY COLLEGE
RICHWOOD VALLEY CAMPUS

AGRICULTURE CENTER COMING FALL 2019

NEW CENTER & NEW LOCATION FOR AGRICULTURE PROGRAM

OTC's Agriculture Program is making the move from Springfield to the Richwood Valley campus in the fall of 2019. Located between Nixa and Ozark on Highway 14, our new Agriculture Center comes with 94 sprawling acres so the program can grow like never before. Students will have the opportunity to better explore livestock management, forestry practices, equipment operation, modern greenhouses, soil test pits, wildlife management and more. Ready to get your hands dirty? Check out OTC Richwood Valley.

EXCELLENT RESOURCES

You'll have a greenhouse, classroom labs, equipment and 94 sprawling acres at your fingertips.

SO MANY OPTIONS

Whether your interest is in plants, animals or both, the Agriculture Program has you covered.

A GREAT START

Once you earn your associate degree, start your Ag career or transfer to a four-year college. The choice is yours!
