IMPORTANT

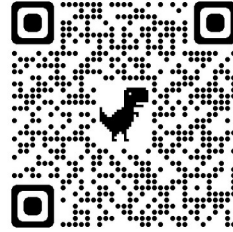

- When looking at apartments, ask to see the actual unit that you are looking at renting, not a model. This way you can see if there are any issues beforehand.
- Make sure to complete the move in inspection. This way if there are any existing issues, you will not be held liable for them when you move out. You want to do everything you can to get your deposit back.
- Read and understand your lease.
- Prices are subject to change!
