- ☐ Complete OTC admission process. Visit [www.otc.edu/start-here](http://www.otc.edu/start-here)
- ☐ Submit an application for the EMT course to [paramedic@otc.edu](mailto:paramedic@otc.edu). The application will be found [here](#)
- ☐ Students will receive an email with orientation information after the deadline. Once students attend the orientation they will be released to register for the EMS 101 section of their choice. The sections are first come fire serve.
- ☐ Attend one of the **mandatory** EMT orientations. Information will be emailed after the application deadline has passed.

#### Background Check

OTC Paramedicine students are required to complete a comprehensive background check. This is necessary because of our affiliations with numerous clinical education sites that all require them. This will be done through a contracted agency. Students with a felony or significant criminal history will not be able to participate in clinical experiences at some of our sites and may not be able to apply for a license to practice. Additionally, your acceptance into a program or the completion of the program does not guarantee the eligibility to apply for licensure or certification.

#### Drug screening

OTC Paramedicine students are required to complete a drug screening. This is necessary because of our affiliations with numerous clinical education sites that all require a clear drug screen. This will be done through a contracted agency. Students failing the drug screen will be dismissed from the course.

#### Immunizations

OTC Paramedicine students are required to have documentation of various vaccinations. This is necessary because of our affiliations with numerous clinical education sites that all require them. More information will be given at orientation and can be found on the webpage [otc.edu/paramedic](http://otc.edu/paramedic).
