great teacher and great guy

I don't really have any extra feedback about this survey itself. I do want to say that [redacted] is a highly valuable asset to OTC, he is the MOST active and hands on online instructor that I have had out of all the online classes that I have taken the past 4 semesters. His passion for what he does really shows! He is enthusiastic and actually cares. [redacted] gets 5 stars in my book.

He was a great teacher i learned alot

[redacted] is a Great Teacher and does a Great job at it! Always there to go the extra mile to help us!

no

My experience with [redacted] course was much more comprehensive than the majority of instructors at OTC. You can see the amount of effort that he makes to help students tie the curriculum to real-life experiences. He did not simply teach material from a textbook. He challenged me to think outside of the box - to think beyond the basics. I wish more instructors at OTC would treat their online students the way that [redacted] did, as he engaged with us as if we were real people, sitting in front of him during lecture.

None that I can think of at the moment. He would always tie in a story with the lesson and it would help me remember the chapter and gain a better understanding.

I have enjoyed [redacted] for me he is easy to understand and he is accessible to ask all of your questions.

Amazing interactive teacher. Goes above and beyond for is class

[redacted] always engaged his students in discussions allowing us to further our critical thinking and to view different ideas more diversely.
